

**Instructions to Authors**  
**TMU JOURNAL OF BASIC & APPLIED CHEMISTRY**  
(Open access journal)  
[ISSN : 2583-1518 (Online)]

**AN ANNUALLY PEER REVIEWED JOURNAL**

### **1. Introduction**

The submission for publication of a manuscript to the International **TMU Journal of BASIC & APPLIED CHEMISTRY** (TJBAC) means that the same article has not been published or accepted for publication in another Journal. Authors must state clearly in their cover note to the Editor whether the manuscript is to be considered as a Research Paper, or Short Communication, and also clarify that the manuscript has not been submitted for submission to any other Press. The journal is published annually, peer reviewed and open access journal.

Authors who wish to send manuscripts for submission to the TJBAC are advised to refer to the latest set of instructions to Authors and to prepare their manuscripts accordingly. Details should be expressed with the right terminology in clear language. Attention should be paid to avoid common errors such as Title or Abstract abbreviations, starting a sentence with a number, adding “etc.” Drop articles after a few examples, and use "&" instead of 'and' in the text. Use of standard symbols and abbreviations is encouraged. Manuscripts which fail to comply with the Journal's requirements as specified in Author's instructions will be rejected outright. Comply with the following general requirements: It should be double-spaced in sheets of A4 scale, on one side only, with a margin of 2 cm on both sides. Research papers would normally contain no more than 15-20 pages, and short communications, research updates up to 10 pages, including diagrams. Papers submitted to the journal are double-blind reviewed by qualified peers. Papers submitted to the journal are reviewed by qualified peers in double-blind format. An Advisory Editorial Board was created, comprising leading experts. It will also be contacted by members of the Editorial Board to review the Papers.

The **TJBAC** Editors reserve the right to reject papers which are either of inadequate quality or of insufficient interest to the editorial board.

### **2. How to Prepare Manuscript for TJBAC?**

#### **2.1. Submission of article**

Original research paper/short communications and research updates to **TJBAC** are only sent by email. MS should be in an editable format, such as doc. or rtf. The text should be double spaced all over.

#### **2.2. Address**

Authors should include their full mailing address, telephone numbers and e-mail address as well as supplying 4-5 experts in this area with the MS, names and addresses (phone numbers and e-mail addresses).

Arrange the MS as outlined below:

- Provide full title of the MS.
- Abstract not more than 200-300 words, providing 4-5 key words.
- Full corresponding address including phone/mobile and email.
- Provide the full affiliation and email address with phone/mobile numbers of all the authors and their permission to be associated with the corresponding author as one of the co-authors as well.
- Introduction; Materials and Methods; Results; Conclusions; References.

#### **2.4. References**

It should be arranged in alphabetical order. Full paper titles, journal volume number, and number of the first and last page should be given. All references must be cited in the text chronologically, giving author and year (Author et al., 1996; Author and Author, 2000; Author, 2010). If more than one paper written by the same author(s) is cited for the same year, the year should be accompanied by letters a, b, c etc. Please follow the following reference format:

##### **2.4.1. Paper in journal (single author)**

Tripathi AD. 2010. Excess molar enthalpies of Dibromomethane with benzene, methanol, dimethylsulfoxide and pyrrolidin- 2-one at 303.15 K. *J Chem Eng Data*. 55: 1421-23.

#### 2.4.2. Paper in journal (more than one author)

Pathak G, Tripathi AD, Pradhan S. 1992. The excess molar enthalpies of mixing of 1,1,2,2-tetrachloroethane with acetone, n-dibutyl ether, acetonitrile and dimethylsulphoxide. *Thermochim Acta*. 197: 329-33.

#### 2.4.3. Authored book

Adriano D.C. 1986. *Trace elements in the Terrestrial Environment*. Springer-Verlag, New York, pp. 533.

### 2.5. Illustrations

Figures can be line drawings, drawings or images and must have legends which can be interpreted without reference to the text.

### 2.6. Tables

Tables to be sent in MS word or Excel format preferred-separately from the text.

### 2.7. Figures

All figures to be printed in black and white unless a fee is paid.

## 3. General Information

The MS should be line numbered. The author(s) will be required to pass copyright to editors, **TJBAC**, shortly after the acceptance of the article.

## 4. Potential Reviewers

Please provide 3-4 potential reviewers of related field with their full affiliations (email and phone/mobile numbers) to review the manuscript.

## 5. Proofs

The corresponding author is given proof of the paper through E-mail / PDF file; that can be updated and returned on the record. At this point, only minor corrections / adjustments should be allowed.

## 6. Reprints and off Prints

It is an open access journal. Free access to the final PDF of the article will be made available to the author.

## 7. Plagiarism Policy

This Journal does not encourage any form of plagiarism. We will check plagiarism for the article as per UGC guidelines before publication. In case if plagiarism occurs in the submitted article, it could be rejected this depends on the percentage of plagiarism obtained.

**Please read “How to Prepare Manuscript for TJBAC?” before submitting your contribution.**

**Submissions and correspondence with the authors are dealt only via <tjbaceditors@tmu.ac.in>.**

## **Title for paper submitted to TMU Journal of Basic & Applied Chemistry**

*First Author<sup>\*1</sup>, Second Author<sup>2</sup>, Third Author<sup>3</sup>*

Author Affiliations: <sup>1,2,3</sup> Department, Institute Name

\*Corresponding Author: \* Department, Institute Name, Email.

**Abstract-** Mention the paper's purpose in abstract for the article. It is a brief summary of a research article. Abstract not more than 200-300 words.

**Key words-** About 4-5 key words or phrases in alphabetical order, separated by commas.

### **Formatting**

Arrange the MS as outlined below:

- Provide full title of the MS.
  - Abstract not more than 200-300 words, providing 4-5 key words.
  - Full corresponding address including phone/mobile and email.
  - Provide the full affiliation and email address with phone/mobile numbers of all the authors and their permission to be associated with the corresponding author as one of the co-authors as well.
- Introduction; Materials and Methods; Results; Conclusions; References.

### **2.4. References**

It should be arranged in alphabetical order. Full paper titles, journal volume number, and number of the first and last page should be given. All references must be cited in the text chronologically, giving author and year (Author et al., 1996; Author and Author, 2000; Author, 2010). If more than one paper written by the same author(s) is cited for the same year, the year should be accompanied by letters a, b, c etc. For the following reference format please follow:

#### **2.4.1. Paper in journal (single author)**

Tripathi AD. 2010. Excess molar enthalpies of Dibromomethane with benzene, methanol, dimethylsulfoxide and pyrrolidin- 2one at 303.15 K. *J Chem Eng Data* 55: 1421-23.

#### **2.4.2. Paper in journal (more than one author)**

Pathak G, Tripathi AD, Pradhan S. 1992. The excess molar enthalpies of mixing of 1,1,2,2-tetrachloroethane with acetone, n-dibutyl ether, acetonitrile and dimethylsulphoxide. *Thermochim Acta*. 197: 329-33.
